## **From the Rectory:**

### *Dear Readers,*

Well, I don't know about your gardens, but from the way my grass is growing Summer must be upon us. It is a season of intense natural activity with plants growing, animals hastily rearing their young, and insects buzzing about madly. With all this activity around us. Is it not time that we challenged ourselves over our busy-ness? Are we really achieving all that God wants of us? Are we growing physically, mentally and spiritually – and I don't just mean growing older? Maybe in all our hectic lives, we need consciously to seek out quiet moments, just to spend time reflecting on what we have, where we are, where we have come from, and where we would like to go?

*God bless,  
Martin*
